FULL-TIME ANALYST INVESTMENT BANKING

FULL-TIME ANALYST AT CARNEGIE INVESTMENT BANK

We are looking for a driven and talented individual who is ambitious, dedicated, and eager to learn. The full-time analyst position requires a Bachelor's degree in finance, accounting, economics, industrial engineering and management, or other relevant degree. In addition to a strong academic track record an ideal candidate should be a team-player, have a sharp analytic mind-set, excellent communication skills in English and in Finnish. Swedish skills are considered as an advantage but not a requirement. The ideal candidate has 0-3 years of prior experience in investment banking, private equity, management consulting, or similar roles.

Expected work tasks

- Being integral part of the investment banking team
- Quantitative and qualitative analysis of companies and industries
- Company valuation and financial modelling
- Producing project and marketing materials, investor presentations, prospectuses, and other documentation
- Engaging in project coordination and meetings with clients and other advisers
- Investor discussions and negotiation support
- Business development tasks

We offer you

- Continuous learning and development opportunities
- Competitive salary
- Very comprehensive staff benefits
- Opportunity to work partially remotely
- Committed and inspiring team
- Easy-to-reach office in Helsinki city center
- Latest equipment of choice
