# Sisu Partners

Aleksanterinkatu 44, 4<sup>th</sup> floor  
00100 Helsinki | [www.sisupartners.com](http://www.sisupartners.com)

## ABOUT US

**Sisu Partners is an independent corporate finance advisory firm founded in 2014. We provide advisory services in full range of transactions, including M&A, debt and equity financing and special situations for businesses, private investors, lenders, government agencies, private individuals and families**

The partners can draw from vast experience of more than 300 completed transactions, many of them cross-border deals. The size range has been from some tens of millions to the largest deals in the Finnish corporate history, some of which have been public takeovers

We are a member of the Advior International corporate finance network, which complements our cross-border transaction offering with international industry expertise and key relationships

**At Sisu, we focus on employee well-being. While working hard, we also want to offer our employees the opportunity to take time for their free time activities. Our working culture revolves around getting things done, and is rather flexible instead of being based on a concept of "face time"**
